Thank you for offering Molly! I appreciate hearing that you are interested. There's some conversations beginning to figure this out, and a number of different things to consider, so I am glad that you've brought this to my attention. I need to talk with David and I can get back to you after I have a chance to do that. Hang in there if you don't hear anything for a little while.

Jill

Subject: team meeting follow-up

Hi Jill – It was not clear to me at team meeting today when you mentioned the likely upcoming NEPA work on Pebble, whether decisions have already been made regarding lead reviewer, or whether you were possibly seeking volunteers. So, I will throw my name in the hat just in case. I would appreciate the opportunity to take on a major project, and it does seem it would be beneficial to have a lead reviewer located in Alaska.

Thank you,

Molly
